THE ART AND SCIENCE OF CLEANING

Greer Bag-in-a-Box Makes It's Debut

We are excited to announce that our new Bag-in-the-Box (BIB) line is set up, and we have begun production on our first BIB product: Double Diamond. The new packaging is compact, environmentally friendly, ergonomic, and just plain “neat-o”. We still have some of the old-school Double Diamond 4L bottles to sell, but expect to start seeing the new BIB packaging soon.

The first Alberta-Wide Roadshow is Coming!

We are coming to a town near you throughout the next year. Make sure to watch our website and social media (under WEGreer), for announcements of dates and locations.

The Greer Roadshow is always a ton of fun, with prize draws, food, and a chance to have a look at some new and interesting products in action. This year, we will be bringing demo equipment from our new vendor, Tennant Co.

Are you a Greer customer interested in being host to our Roadshow? Let us know!

New Equipment Vendor

We are pleased to announce that we are now the new Tennant commercial cleaning equipment supplier for Alberta.

Tennant Co. is the largest cleaning equipment company, and one of the most innovative companies in the cleaning field. Their motto is “creating a cleaner, safer, healthier world,” and Tennant has been living up to that message. Tennant’s equipment is made in the USA at their facility in Holland, Michigan, using an innovative and effective manufacturing process, producing reliable and effective equipment. They also provide excellent equipment service support.

We feel that Tennant equipment will be the better fit for our customers, and we look forward to working with them, and presenting their equipment to you, starting with our Alberta-wide Roadshow. We will also have demonstration equipment available in our equipment showroom at our Edmonton head-office. Please contact your local Greer consultant if you are interested in learning more about Tennant equipment.

For customers with Nilfisk-Advance machines, please note that we will still be providing service and warranty support for this equipment.

New Safety Data Sheets

We have started to post the new style safety data sheets that follow the WHMIS 2015 structure under the Globally Harmonized System (GHS) of labelling. All Greer products will have the new style SDSs by summer 2017.

SDSs do not expire unless there is a change in our product formula. We post notice of revised SDSs at the top of our SDS web page.

Does your staff need WHMIS 2015 training? Please contact your Greer consultant to see how we can help.

specials & spotlights:

Prices valid from September 1, 2016 to November 30, 2016 unless otherwise indicated. All items limited quantity.

Spotlight: Ice Melter Pre-Season Sale

Winter is fast approaching (sorry to remind you). Now is the time to order your ice melter. Why? You save money (up to 8%), and you avoid the ice melter rush when the first snow falls. We have three great products that will fit your specific needs:

GREEN

Arctic ECO Green®

- All Natural Ingredients
- Gentle on the Environment
- Harmless around children and pets
- Effective to -29°C (-20°F)
- Safer on concrete
- Cost effective green colour
- Anti-corrosive formula

LEAN

Arctic Blue®

- Unique blue colour
- Easy to use
- Instant traction
- Leaves no oily residue
- Effective to -15°C (+5°F)
- Requires no special handling
- Economical

MEAN

Ice Breaker®

- Fast acting & powerful to -32°C
- Most effective melter in the market
- Releases heat to melt ice faster
- Cuts through ice up to 2" thick
- Round shape penetrates deeper
- Re-usable plastic containers

You will find our **Ice Melter Pre-Season Order Form** under our "Season Specials" section on the home page of wegreer.com.

Act now, as the pre-season sale only lasts until November 30th.

Special: Demo Equipment Sale

We have a number of demonstration equipment models on sale. Quantities are limited, so if you are looking for a great deal, check out our list of on-sale equipment below. For more information on the equipment, please contact your sales consultant.
