

AIRX60

FOUL ODOR ELIMINATOR

AIRX 60 is a multi-purpose, broad spectrum, water soluble odor counteractant, many times the effectiveness of ordinary deodorizers, thus works against stronger, more disagreeable odors for longer residual action....AIRX 60 is formulated with Airicide® Odor Counteractant to change the “geometries” of odorous molecules in the air so they are not perceived as unpleasant.

Just squirt AIRX 60 on the source of foul odors. Add it to cleaning solutions to rug shampoos and to rinse water or dilute it with water for use as a space spray. AIRX 60 acts quickly to counteract odors from animals, sickness, incontinence, decomposition, cooking, cigar and cigarette smoke, liquor, beer, garbage, trash, paint, chemicals, etc.

DESCRIPTION

AIRX 60 is a versatile water soluble odor counteractant in a highly concentrated form (1) to cure the most difficult of odor problems, (2) for longer lasting effectiveness (3) for greater convenience in handling and storage. (4) It employs exclusive Airicide® Odor Counteractant to neutralize odors at their source and erase odors already in the air.

BENEFITS

COUNTERACTS FOUL ODORS the Airway, based on an accepted scientific theory that if the size or shape of an odorous molecule is changed, the odor is no longer perceived as offensive.

SUPER STRENGTH - Many times the concentration and the lasting ability of typical deodorizers.

CONVENIENT - High concentration allows packaging in smaller sizes that can be easily carried by nurses and on housekeeping carts for ready availability.

VERSATILE - Counteracts foul odors from such varied sources as sickness, smoking, cooking, animals, liquor, beer, chemicals, etc.

NON-STAINING - Can be applied directly to shower curtains, bath mats, dirty linen, etc.

WATER SOLUBLE - Dilutes with water and mixes completely without stirring, making it ideal for addition to cleaning solutions, rug shampoos, rinse water.

USES

Counteracts malodors from sickness, human incontinence, animals, pets and pet accidents, sewage, garbage, fats, oils, fermentation, cooking, fire, smoke, cigars, cigarettes, liquor, beer, paint, chemicals,

etc. For use in hospitals, nursing homes, institutions, schools, hotels, motels, buses, airplanes, boats. Erases foul odors in bathrooms, locker rooms, kitchens, basements, bed pans, commodes, hampers, air conditioners, etc.

DIRECTIONS

DAILY - Squirt a few drops on bottom of chair seats, in waste baskets and garbage cans.

HUMAN INCONTINENCE, PET ACCIDENTS - Squirt on the source of odor to make clean-up more pleasant. Add AIRX 60 to detergent or rug cleaner.

HOSPITALS, NURSING HOMES - Squirt in bed pans, commodes, on dirty linen, used bandages.

HOTELS, MOTELS - Squirt on bath mat, on shower curtain or in air conditioner.

RUGS SHAMPOOS, CLEANING SOLUTIONS - Add one squirt per gallon of mixed solution. Use also in rinse water.

SINKS, DRAINS, MARINE & PORTABLE TOILETS - Add 1/2 ounce per gallon of liquid in holding tank.

AIRX60

FOUL ODOR ELIMINATOR

SPECIFICATIONS

ODOR COUNTERACTANT	Airicide ® proprietary additive
OLFACTORY DESENSITIZERS	none
pH OF CONCENTRATE.....	9.0 ± 0.5
pH OF 1: 128 SOLUTION	7.0 ± 0.5
VISCOSITY.....	water thin
COLOR.....	clear straw color
STAINING.....	none
SOLUBILITY IN WATER (Soft or Hard, Cold or Hot Water).....	Complete
FREEZE-THAW STABILITY.....	no degradation
HEAT STABILITY.....	no degradation
SHELF LIFE.....	2 years minimum
REFRACTIVE INDEX	1.3720 ± 0.0015
