ICE MELTER

ICE BREAKER

Ice Breaker is our own product. It contains 90% calcium chloride, the most effective and fast-acting ice melter on the market today. Calcium chloride reacts chemically with water to generate heat. To use, apply sparingly (2-4 oz. per sq. yard) on snow or ice up to two inches thick. Ice Breaker is extremely effective at -32°C and even capable of working at -50°C. Two sizes available (100 lb and 29 lb) in reusable plastic containers. Order bulk or by the pallet for price savings. Quality: Highest. 29lb - 75/Pallet, 100lb - 18/Pallet.

ARCTIC BLUE

Arctic Blue ice melter helps control ice and snow dependably, economically and safely. Its unique blue colour makes it easier to see where ice melter has been applied, preventing over-application. An effective ice melter that is tough on snow and ice, but easy to use. Recommended for large surface areas. Effective to -15°C. Order bulk or by the pallet for price savings. Quality: Value. 90/Pallet.

ARCTIC ECO GREEN

This environmentally-friendly gentle product contains minerals that are essential to human and plant life, making it safe to use around vegetation, animals, children, and pets. WHMIS exempt in Canada. Does not chemically affect quality air entrained concrete or treated wood. Contains a two level anti-corrosive formula making it a better choice to use on sensitive surfaces. Extremely powerful. Each granule is multi-layer coated, with all the components working together in unison to quickly and effectively melt away the ice. Contains an environmentally-friendly green dye, allowing the user to see where the product has been distributed. Quality: Environmental. 100/Pallet.
