

# AIRX SELECTION CHART

All Airx products contain airicide odor counteractant. Unlike air fresheners that simply add a perfume to the air, Airx airicide binds to a odor molecule and changes its shape so that it is no longer recognized by the nose as a bad smell. Your space is left smelling fresh and clean.

		PRIMARY FUNCTION				RECOMMENDED SURFACES						
		Disinfectant	Cleaner	Odor Control	Digestion	Non-Waxed Floors	Waxed Floors	General Surface	Carpets/Upholstery	Washroom Surface	Drains/Traps	Air
